

I'm a student-centred tertiary educator and First Class Honours Software Engineer who truly believes in tailoring learning to what motivates each person and aligns with their values and self-directed path. I'm driven by the chance to make a real difference in students' and communities' quality of life through meaningful education, and I love creating educational technologies that connect classroom experiences to the real-world workplace.

PROFESSIONAL
EXPERIENCE

Academic Teacher | UTS College | 2025 – Computer Science & Business Studies

- Delivered project-based lectures, tutorials, and labs for diverse cohorts, enhancing software competencies and university readiness.
- Developed aligned lesson plans and resources using student-centred principles, improving engagement and academic outcomes.
- Monitored progress and provided targeted feedback, contributing to strong diploma completion and transition rates.

Sessional Teaching Academic | MQ University | 2022 – Computer Science, Business Studies & FSE Student Experience Team

- Facilitated tutorials, labs, and student experience initiatives in Computer Science, Business Studies, and FSE units.
- Assessed work and delivered timely feedback to refine technical understanding in undergraduate/pathway groups.
- Collaborated on inclusive support programs, increasing participation and unit outcomes.

Diploma Teacher | Macquarie University College | 2023 – Computer Science & Game Design

- Taught foundational Computer Science & Game Design modules to pre-university students, building technical skills through hands-on projects for seamless bachelor progression.
